RECEPTION COCKTAIL (POST CEREMONY)

The reception marks a moment for celebratory toasts with effervescent bubbles. Following the ceremony, we suggest treating your guests to a glass of champagne, sparkling wine, or perhaps a couple of cocktails to kick off the festivities.

For this stage, we recommend lighter options with low alcohol by volume (ABV%), such as spritzers, wines, beers, and juices.

To enhance service and ensure every guest can easily access a drink, consider having the beverages served on trays. This not only adds a touch of elegance but also guarantees that all attendees can enjoy a drink promptly and seamlessly.

- Still and sparkling water
- Wine – red, white, rosé & sparkling (Borlido Blanc de Blancs)
- Superbock beer (33 cl)
- Juices (homemade lemonade, apple & orange juice)
